

INFORMATION SHARING FOR SAFER COMMUNITIES

SafetyNet⁺ is a secure partnership database for information sharing, joint risk management and problem solving for multi-agency work across Hampshire, Isle of Wight, Portsmouth and Southampton.

It has been designed to enable multiple partners to work together to protect and safeguard those at most risk and jointly manage those that present a threat. It facilitates our joint efforts to reduce crime, promote public safety, and create vibrant and inclusive communities.

- Access to real-time headline information to jointly safeguard vulnerable individuals
- Allowing the sharing of the right information, at the right time, with the right people
- Secure platform accessible to authorised users only
- Built-in access controls
- Co-ordination of Partnership Action Groups and joint problem solving
- Integrated risk management and review process

SafetyNet⁺ is managed by the Office of Police and Crime Commissioner on behalf of community safety partner organisations.

SAFETYNET⁺

SECURE DATABASE FOR MULTI-AGENCY INFORMATION SHARING

SAFETYNET+ KEY FEATURES

SAFETYNET+

CASE AND LOCATION MANAGEMENT

STATUTORY PARTNERS

Integrated Case Management

ICM enables approved partners to share information in a single secure location. This may be for the purpose of case building or to simply indicate to other partners that you are involved with an individual.

The system allows access to information on addresses, lead workers, locations, stored documents, risk factors and risk tracking.

Each organisation accessing SafetyNet+ controls on a case by case basis how and with whom they wish to share information. Tasks and automated alerts can be sent to case workers when necessary.

Neighbourhood Management

Neighbourhood Management allows information to be shared to resolve issues within geographical locations. This enables neighbourhood policing teams to record, manage and feedback to the community on the activity they are undertaking in partnership to improve their communities and tackle their community priorities. Public updates are uploaded to **police.uk**

Tasks can be sent to other users to work towards objectives.

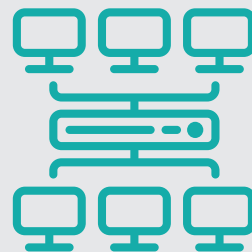

SAFETYNET+ PARTNERSHIP

Partner organisations using SafetyNet+ include:

- Hampshire Constabulary
- Hampshire Fire and Rescue Service
- Hampshire County Council and district and borough councils
- Hampshire Youth Offending Teams
- Registered social landlords
- Domestic Abuse service providers, Victim Care Services, Youth Service and other support services working in partnership to make our communities safer

SafetyNet+ supports information sharing for the Supporting Families programme.

INFORMATION SHARING FRAMEWORK

Partner organisations are required to sign up to the Information Sharing Framework for SafetyNet+ and authorised users are required to sign the Security Operating Procedures.

Each organisation owns and is responsible for their own data entered onto SafetyNet+ and controls how they share it.
