- Where to get support or advice

What is the Violence Reduction Unit?

Hampshire and Isle of Wight VRU is a small team who work with partners to tackle the root causes of violence. The VRU supports the Violence Reduction Partnership (VRP) made up of 25 different public sector bodies across the Hampshire, Isle of Wight, Portsmouth & Southampton (HIPS) area who come together to make our communities safer.

What is the Violence Reduction Partnership?

The VRP is a partnership of authorities across Hampshire, IOW, Portsmouth and Southampton, who work together to tackle and prevent serious violence. They are police, health, justice fire, local authorities, education, prisons and the voluntary and charity sector.

[The Serious Violence Duty](#) was introduced under the Police, Crime, Sentencing and Courts Act 2022 and requires specified and relevant authorities to work together to prevent and reduce serious violence. The Serious Violence Duty requires partnerships to take a multi-agency, [public health approach](#) to understand the causes and impact of serious violence develop a strategic response, which focuses on prevention and early intervention, and monitor the impact of this response.

[The Violence Reduction Partnership](#) has a vision for Hampshire, the Isle of Wight, Portsmouth and Southampton to be a place where people can live their lives free from violence and the fear of violence.

Campaign Overview:

September is a time of significant change for young people aged 11-25, with many facing new school years, transitioning to college or university, starting new jobs, or

navigating personal changes. This campaign aims to help young people embrace these transitions with confidence, ensuring they feel safe, supported, and empowered to take positive actions.

Campaign Objectives:

1. **Promote Awareness:** Educate students on the importance of safety and making positive choices during times of transition.
2. **Empower Action:** Provide students with practical strategies and tools to handle transitions confidently.
3. **Encourage Community:** Foster a sense of support and connectedness among students as they navigate these changes together.

Key Messages:

1. **"Change is a Step Forward"**
 - Emphasise that transitions, are an essential part of personal growth and development.
2. **"Safety is Your Foundation"**
 - Highlight the importance of making safe choices, from physical safety in new environments, safe choices with new friends to online safety as they engage more in digital spaces.
3. **"Positivity Fuels Success"**
 - Encourage students to adopt a positive mind set, focusing on their strengths and the opportunities ahead.
4. **"You're Not Alone"**
 - Highlight the importance of seeking and offering support, reminding young people that they have a community to lean on.

Digital Campaign:

#EmbraceTheChange Challenge: A social media campaign where young people share stories, tips, or experiences related to transitions and positive actions they've taken to cope with times of change.

Please use the below resources to engage your followers in the campaign.

Campaign Resources

Please feel free to use these resources in the best way for you. We have created some suggested content you may wish to use. You can download all the resources from our [Google Drive](#)

Please adapt to suit your audience or platform. We have included a list of useful website below, you may wish to consider their content and add to your posts. If there is anything else you think would help share the conversation wider please get in
